In the slums of Gwaltoli, PPN NSS unit volunteers under the guidance of program officer Prof. Krishna Kumar started the interactive drive with the people living in slums of Gwalatoli and Chuniganj and gave them a comfortable environment to share their problems. For those children of this area who do not go to school, we arrange Basti Pathshala on a daily basis with the consent of their parents. Every day these students gather and our NSS volunteers then impart basic education. We have also allocated funds to provide them with the books and stationery they need. Also occasionally we give these children gifts like some eatable treats and also help them with activities like art and craft. To bring these slums in vibrant light, we have organized a program like Yoga Day program here on 21st June. Now the surprising thing is that Still from one year from 2022 to 2023 this initiative is running very well and on continuous basis due to which we are able to include more than 70 to 75 children in our Basti Pathshala and provide them education. They are also able to get help when needed.
