Plantation Program,
07/07/2019

Students participating in the plantation program

The students of St. Xavier's College, Palani participated in the plantation program on 07/07/2019. They were accompanied by the NSS staff and the local community. The students were divided into groups and each group was assigned a specific area for plantation. The students were very enthusiastic and participated actively in the program. They were provided with the necessary tools and materials for the plantation. The program was a great success and the students were able to plant a large number of saplings. The local community also participated in the program and the students were able to interact with them. The program was a very good experience for the students and they were able to learn a lot from it. The students were also able to understand the importance of plantation and the role of NSS in promoting social service. The program was a very good example of the NSS motto 'Service to Society'.
