Policy On Environment and Energy Usages

The Article 51-A of environment policies of the GOI states that "It shall be the duty of every citizen of India to protect and improve the natural environment including forests, lakes, rivers and wildlife and to have compassion for living creatures."

In line with this, Pt. Prithi Nath (PG) College, Kanpur commits to managing energy consumption in a manner that minimizes adverse impacts on the environment. The institute uses a range of activities to control energy and environmental usage. Everyone knows their roles and how they contribute to the efficient implementation of the policy. NSS, NCC units, faculty, staff, and volunteers donate their time to raise awareness of environmental issues in order to conserve energy and protect the environment.

Following Initiatives are promoted under this policy:

- To practice the 3R's that is Reduce, Reuse, and Refuse wherever it is possible. We also promote Up-cycling & recycling.
- To reduce carbon dioxide emissions generated by vehicles, Institute promotes Cycling, usage of battery-operated vehicles, and public transportation.
- To install solar panels for the generation of alternative energy.
- Replace the electrical devices to energy efficient model.
- To undertake tree plantation drive.

- To reduce energy wastage by the practice to switch off the lights and fans while leaving the rooms.
- To develop systematic waste management mechanism.
- To develop rainwater harvesting unit.
- To strengthen our employees' and students' environmental knowledge and skills to reduce their personal carbon footage.
- To take additional measures to continuously reduce our energy consumption.
- To ensure the availability of necessary resources to achieve the objectives.

This policy will be communicated to all the students, staff, and employees of the institute via internal communication channels and will be made available to all on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis. All the students and faculty members are required to abide by the policy to make the institute campus green, clean, and sustainable.
